

UVAR Box workshop 1

Paul Sandrock

24 November

iru.org

World road transport organisation driving sustainable mobility of people and goods

Leading solutions the world needs to move better

Commercial road transport sector in the EU

3.5 million
companies

5 million
employees

→ **75% of inland logistics in the EU**

→ **first inland alternative to private cars**

Challenges for the road transport industry

- For transport operators: legal and administrative uncertainty, return on investment
- For visitors: direct access of groups and vulnerable users to hotels and entertainment places
- For local businesses: impact on tourism economy and goods delivery
- For the environment: bans fit for their environmental purpose

IRU position

- Impact assessment
- Consultation, information, notification
- Proportionality
- Technology neutrality
- Unrestricted access
- Mutual recognition

UVARs are no longer a purely local issue!

Thank you!

Paul Sandrock – Manager for Mobility of People
